This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. Tax Increment Revenue set-aside in the Low and Moderate Income Housing Fund will be washed in the above calculation, and therefore omitted from Available Revenues at year end.

Item 4. above:

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. NOTES

Tax Increment Revenues:

The only amount(s) to be excluded as Tax Increment Revenue are any amounts passed through to other local taxing agencies pursuant to Health and Safety Code Section 33676. Tax Increment Revenue set-aside in the Low and Moderate Income Housing Fund will be washed in the above calculation, and therefore omitted from Available Revenues at year end.

Item 4. above:

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. The previous SOI included a Disposition Development Agreement (DDA) which was fully satisfied with these bond proceeds. The DDA would be shown on the Reconciliation Statement as fully repaid under the "other" column (Col E), but with funds that were neither Tax Increment, nor "Available Revenues" as defined. The amounts used to satisfy this DDA would be included on line 4 above in order to accurately determine ending "Available Revenues."

Tax Increment Revenue set-aside in the Low and Moderate Income Housing Fund will be washed in the above calculation, and therefore omitted from Available Revenues at year end.

Item 4. above:

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. The previous SOI included a Disposition Development Agreement (DDA) which was fully satisfied with these bond proceeds. The DDA would be shown on the Reconciliation Statement as fully repaid under the "other" column (Col E), but with funds that were neither Tax Increment, nor "Available Revenues" as defined. The amounts used to satisfy this DDA would be included on line 4 above in order to accurately determine ending "Available Revenues."

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. The previous SOI included a Disposition Development Agreement (DDA) which was fully satisfied with these bond proceeds. The DDA would be shown on the Reconciliation Statement as fully repaid under the "other" column (Col E), but with funds that were neither Tax Increment, nor "Available Revenues" as defined. The amounts used to satisfy this DDA would be included on line r above in order to accurately determine ending "Available Revenues."

NOTES

Tax Increment Revenues:

The only amount(s) to be excluded as Tax Increment Revenue are any amounts passed through to other local taxing agencies pursuant to Health and Safety Code Section 33676. Tax Increment Revenue set-aside in the Low and Moderate Income Housing Fund will be washed in the above calculation, and therefore omitted from Available Revenues at year end.

Item 4. above:

This represents any payments from any source other than Tax Increment OR available revenues. For instance, an agency funds a project with a bond issue. The previous SOI included a Disposition Development Agreement (DDA) which was fully satisfied with these bond proceeds. The DDA would be shown on the Reconciliation Statement as fully repaid under the "other" column (Col E), but with funds that were neither Tax Increment, nor "Available Revenues" as defined. The amounts used to satisfy this DDA would be included on line r above in order to accurately determine ending "Available Revenues."
