

County Development Projects with Special Financing

Special Financing refers to a homeownership assistance program which provides funds to qualified homebuyers to help with down payment and closing costs.

Mortgage payments shown are based on FHA financing with a 3.5% down payment, using a range of interest rates. The payments include principal, interest, taxes and insurance (mortgage insurance and homeowner's insurance). Monthly payment amounts are estimates only since interest rates and terms are subject to change and are not guaranteed. All loans are subject to underwriting and loan qualifications of the lender.
