What do you like about Emergency Bridge Housing?

"My time at the Grove has been a transformational experience! Before getting into this program I was struggling with mental health, lack of confidence, and had these limiting beliefs that were stopping me from heading towards the life I've been dreaming for. When I got the call from 211 to get into the Grove, my energy shifted with joy, I knew that my life would be different because I heard so many great stories about the Grove. When I got to the Grove I was treated so kindly and they made me feel accepted and acknowledged. They also gave me a care package with a bunch of self care hygiene and also a great book called The High 5 Habit that helps you shift your perspective about yourself and help you to start celebrating your wins in life! To add, I have an amazing case manager that helps me tackle my goals so that I can get to where I wanna be! Having a case manager is like having a personal advocate that supports me in my journey of life, so I couldn't have asked for more. The Grove also provides ready to rent classes that are held by one the best directors I came into contact with! Alex helps clients understand what it means to rent a room or an apartment. The classes are so insightful and help you feel more confident, so when it comes time to rent you are more than ready! Looking back to where I was and where I stand today is completely different. I have only been here for 2 weeks and I am now employed, more confident and honestly happy. I am so grateful that such a place like the Grove exists!"
